

MAKE HISTORY NOW

Prime Minister Netanyahu has said he seeks to reach an historic compromise that enables Israelis and Palestinians to live in peace, security and dignity.

President Obama has set the bar appropriately high: A two-state solution within the coming year leading to comprehensive regional peace.

Israel's long-term security and its survival as the democratic, national home of the Jewish people depend on the success of these new talks. Success will require leadership, hard decisions and sacrifice – from all the parties.

Extremists will seek to derail the new effort; cynics and pessimists will seek to dismiss it.

**We are standing up to say:
It is time to end this conflict now.**

Join J Street's 160,000 supporters in telling the leaders in the region and here at home to seize this moment.

Freeze settlement growth.

Give these new talks a chance to succeed.
